Podkreć wiosenną sprzedaż!

- ✓ Szybszy początek sezonu sprzedaży
- ✓ Świetny materiał do dużych pojemników - doniczek 3-7 litrów
- ✓ Lepszy pokrój, bardziej obfite kwitnienie, lepsza jakość
- ✓ Krótszy czas produkcji, wcześniejsze kwitnienie
- ✓ Rośliny po profesjonalnym zimowaniu - mniejsze ryzyko strat produkcyjnych
- ✓ Mniejszy wkład finansowy w produkcję - szybki obrót produktu
- ✓ Możliwa sprzedaż niekwitnących roślin w pojemnikach z etykietą gotowych do bezpośredniego sadzenia w ogrodzie

Szybki wzrost na wiosenną sprzedaż
SWIFT PLUG - PALETA T-28

Materiał dostarczony w 8-10 tygodniu jest jeszcze w stanie spoczynku, można go sadzić w chłodnych obiektach.
